PREFACE

India has done remarkably well in enhancing the agricultural production during the year 2021-22 in spite of restrictions affecting normal operations due to COVID-19 pandemic. The contribution of Agricultural Universities (Agricultural, Horticultural, Dairy, Animal Science, Veterinary, Fisheries) has been significant in this endeavour. These institutions helped millions of affected farmers and citizens during pandemic in various ways and means.

The Agricultural Universities (State Agricultural Universities, Central Agricultural Universities, Deemed-to-be-Universities) continued their efforts to develop innovative technologies for sustainable climate smart agriculture. Despite COVID-19 pandemic, the quality seeds and planting materials of improved varieties and hybrids, bio-products and improved species of livestock, poultry and fish were produced and made available to millions of farmers in the country.

The Agricultural Universities made concerted efforts for imparting quality higher agricultural education to the students in pursuit of developing globally competent human resource in the agriculture and allied sectors. During 2021-22 many of these institutions hold their convocations and awarded degrees of BSc., MSc., M. Tech, MBA and Ph.D. to the successful students including foreign students.

The Indian Agricultural Universities Association (IAUA) in collaboration of Birsa Agricultural University, Ranchi organized Annual Vice Chancellor Convention on "Improving Standard, Sustainability and Societal Impact of Agricultural University" on 20-21 December 2021, at Ranchi. The Executive Committee meetings and Annual General Body Meeting were also conducted to discuss the listed agenda items and decisions thereon.

The IAUA congratulate the staff and students of the Agricultural Universities/deemed-to-be-universities who contributed to the advancement of the basic and strategic research, development of technologies, and received prestigious awards and recognitions and brought laurels to the academic excellence in respective universities/ institutions. Some of these achievements along with activities and audit report of IAUA are compiled and presented in this Annual Report 2021-22. The achievements of the AUs accomplished during 2021-22 will certainly have significant impact on enhancing the farm productivity and income of the farmers. The efforts of the Executive Secretary, Dr Dinesh Kumar are appreciated for compiling and bringing out the Annual Report 2021-22.

Dr R.K. Mittal
President, IAUA

ABOUT IAUA

Indian Agricultural Universities Association (IAUA)

Indian Agricultural Universities Association (IAUA) was established on 10th November, 1967. There were 9 founder member agricultural universities; and their Vice Chancellors were founder president P.N. Thapar, VC, Punjab Agricultural University (PAU, Chandigarh) (now Ludhiana); and members Shri V. Pulla Reddy, VC, Andhra Pradesh Agricultural University (APAU, Hyderabad) (now Acharya N.G. Ranga Agricultural University, Guntur); Dr J.S. Patel, VC, Jawaharlal Nehru Krishi Vishwa Vidyalaya (JNKVV, Jabalpur); Dr D.P. Singh, VC, Uttar Pradesh Agricultural University (now GB Pant University of Agriculture and Technology (GBPUAT, Pantnagar); Dr K.C. Nair, VC, University of Agricultural Sciences (UAS, Bengaluru); Dr S.N. Das Gupta, VC, Kalyani University (KU, Kalyani) (now Bidhan Chandra Krishi Viswavidyalaya, BCKVV, Mohanpur); Dr Ramaiya, VC, Odisha University of Agriculture & Technology (OUAT, Bhubaneswar); Dr G.S. Mahajani, VC, Udaipur University (UU), (now Maharana Pratap University of Agriculture & Technology, Udaipur); and Dr M.S. Swaminathan, Director, Indian Agricultural Research Institute (IARI, New Delhi).

The main objective of the Association is to promote agricultural research, education and extension in the universities and the states, and thereby rural development in the country. It also acts as a bureau of information to facilitate communication, co-ordination and mutual consultation among agricultural universities.

Presently, IAUA has 70 member universities, which include 62 State Agricultural Universities; 4 Deemed to be Universities (Central Institute of Fisheries Education (CIFE, Mumbai); Indian Agricultural Research Institute (IARI, New Delhi); Indian Veterinary Research Institute (IVRI, Izatnagar); and National Dairy Research Institute (NDRI, Karnal), 3 Central Agricultural University (CAU, Imphal); Dr. Rajendra Prasad Central Agricultural University (Dr.RPCA, Pusa) and Rani Lakshmi Bai Central Agricultural University (RLBCAU, Jhansi) and one Central University with Agriculture Faculty (Banaras Hindu University (BHU, Varanasi). Considering the specialization, there are 43 Agricultural, 6 Horticultural, 17 Veterinary and Animal Sciences and 3 Fishery Science Universities in IAUA. All the SAUs and institutions (deemed-to-be universities) and (Central Agricultural Universities) in India, which provide an integrated programme of teaching, research and extension education in agricultural sciences are qualified to become regular members of the Association.

The IAUA facilitates conferences, seminars, workshops, lectures and brainstorming sessions in agricultural and applied programs. The Vice Chancellors of member universities constitute the Association's General Body. The General Body meets once a year to decide the agenda for the next convention and other events and also to adopt the audited accounts of the year besides approval of the budget estimates for the next financial year and the election of the Executive Committee (EC) for the following calendar year. The EC of the Association consists of *President, Vice President, Secretary General, Treasurer and three members*. The Executive Committee meets quarterly. The office of the Association is operated by the Executive Secretary who implements the decisions of General Body and Executive Committee on behalf of the Association.

MANAGEMENT

Executive Committee

The **Executive Committee** of the IAUA (comprises President, Vice President, Secretary General, Treasurer and Three Members) takes decisions in its quarterly meetings, regarding day-to-day functioning. Its directions on activities, events and policy matters are referred to the **General Body** (comprises all Vice Chancellors of the member universities) for final approval and ratification. The composition of the Executive Committee during the year 2021 was as follows:

Executive Committee

President:	Dr S.K. Patil Vice Chancellor, IGKV, Raipur	01-01-2021 to 31-10-2021
	Dr R.K. Mittal Vice Chancellor, SVPUAT, Meerut	02-11-2021 to continuing
Vice-President:	Dr R.K. Mittal Vice Chancellor, SVPUAT, Meerut	01-01-2021 to 31-12-2021
Secretary General:	Dr R.C. Srivastava Vice Chancellor, Dr RPCAU, Pusa	29-12-2020 to 31-12-2021
Treasurer:	Dr V. Praveen Rao Vice Chancellor, PJTSAU, Hyderabad	12-02-2021 to 31-12-2021
Members:	Dr V. Praveen Rao Vice Chancellor, PJTSAU, Hyderabad	01-01-2021 to 11-02-2021
	Dr Arvind Kumar Vice Chancellor, RLBCAU, Jhansi	01-01-2021 to 31-12-2021
	Dr Gopal Krishna Vice Chancellor, CIFE, Mumbai	01-01-2021 to 29-09-2021
	Dr Parvinder Kaushal Vice Chancellor, YSPUHF, Solan	17-09-2021 to 31-12-2021
Ex-officio Member:	Dr R.C. Agarwal DDG (Edn), ICAR, New Delhi	01-01-2021 to continuing

During the year 2021, **Three** Executive Committee meetings were held, viz. **No. 1** of 2021 on **30 March, 2021**; **No. 2** of 2021 on **18 June, 2021**; **No. 3** of 2021 on **16 December, 2021**. The listed agenda items were discussed and decisions were taken on these.

General Body

The Annual General Body Meeting 2021 (AGBM-2021) of Indian Agricultural Universities Association (IAUA) was convened in hybrid mode on 20 December 2021 at BAU, Ranchi during the 45th Vice Chancellors' Convention. Dr R.K. Mittal, President, IAUA Chaired the meeting. Dr R.C. Srivastava, Secretary General, IAUA; Dr Arvind Kumar and Dr Parvinder Kaushal, Members, Executive Committee of IAUA were present in the AGBM. Dr V. Praveen Rao, Treasurer, IAUA attended the meeting on-line. Dr R. K. Mittal, President, IAUA in his initial remarks appreciated the activities carried out by the IAUA and member universities despite the limitations posed by the COVID-19 pandemic. He also thanked Dr O. N. Singh, Vice Chancellor, BAU, Ranchi for hosting the 45th VCs' Convention.

IAUA Office bearers in General Body Meeting 2021 of IAUA held during 45th VCs Convention

The following agenda items were discussed in GBM-2021 and the decisions were taken on these:

- Confirmation of the proceedings of General Body Meetings held on 18 October 2020 and 29 December 2020.
- Adoption of the Audit Reports (Audited Accounts) of the Financial Years 2019-20 and 2020-21.
- Approval of Annual Budget for the financial year 2022-23.
- Events/programme and venues for the year 2021-22 and 2022-23.
- APAARI Membership.
- Election of the new Executive Committee for the year 2022.
- Adoption of uniformity in the duration of tenure and upper age limit of the Vice Chancellors in SAUs.
- The SAUs should be allowed to admit foreign students directly rather than through ICAR as in the case of traditional universities and universities in the private sector.
- As the nomenclature of BSc. Home science has been changed to BSc. (Community Science), the students may face problem in getting jobs and admission in higher degree that requires qualification of BSc. (Home Science).
- ICAR-JRF Examination.

New Executive Committee

The following members were elected for Executive Committee (2022) during Annual General Body Meeting (AGBM) -2021:

1. Dr R.K. Mittal, VC, SVPUAT, Meerut : President
2. Dr R.C. Srivastava, VC, Dr RPCAU, Pusa : Vice President
3. Dr V. Praveen Rao, VC, PJTSAU, Hyderabad : Secretary General
4. Dr Arvind Kumar, VC, RLBCAU, Jhansi : Treasurer

Dr R.K. Mittal

Dr R.C. Srivastava

Dr V. Praveen Rao

Dr Arvind Kumar

Dr Parvinder Kaushal

Dr Rameshwar Singh

Dr Gurdial Singh

5. Dr Parvinder Kaushal, VC, YSPUHF, Solan : Member
6. Dr Rameshwar Singh, VC, BASU, Patna : Member
7. Dr Gurdial Singh, VC, LLUVAS, Hisar : Member

45TH VICE CHANCELLORS' CONVENTION

The 45th Vice Chancellors' Convention of Indian Agricultural Universities Association (IAUA) was organized on the theme "Improving Standard, Sustainability and Societal Impact of Agricultural Universities" at Birsa Agricultural University (BAU), Ranchi on 20-21 December 2021 in hybrid mode.

The Vice Chancellors of State Agricultural/Horticultural/Animal Science Universities, Central Agricultural Universities and Deemed Universities of India attended the Convention (off-/on-line), shared their experience, knowledge, expertise, and gave an overview that how to improve standards and social impact of Agricultural Universities. The deliberations were made to align research and education in agricultural and allied disciplines in India in view of NEP 2020 during following four technical sessions conducted on the sub-themes selected for the Convention:

- I. Achieving International Standard in Agricultural Education and Research in the Context of New National Education Policy.
- II. Strategies to Increase Agricultural Productivity and Profitability with Development and Application of Appropriate Technologies.
- III. Enabling Farmers' Access to Technology, Market, Credit and Extension Services.
- IV. Creating Favourable Ecosystem for Entrepreneurship Development in Agricultural and Allied Sectors.

The Vice Chancellors, their representatives made technical presentations. Panel discussions were conducted during above mentioned four technical sessions and the plenary session of the Convention. The Convention was inaugurated by His Excellency, Governor and Chancellor of Universities, Jharkhand, Shri Ramesh Bais.

Recommendations

1. All Agricultural Universities must implement the relevant parts of National Education Policy 2020 (NEP 2020).
2. All Agricultural Universities must strengthen digitation of agricultural data which would help immensely in development and execution of policies/programmes for farming as well as farming communities.
3. Agricultural University should demonstrate natural farming practices at least in one village of each Panchayat within its jurisdiction.
4. Agricultural Universities must join hands with respective State governments in preparing soil health cards and making it available to all the farm families to promote judicious use of chemical fertilizers.
5. Integrated farming system modules, developed or to be developed by the Agricultural Universities for different farm situations, must be showcased at universities for visiting farmers, scientists and other stakeholders with brief description of its advantages over mono farming system. Information on IFS modules developed at various universities must be shared among the universities for the benefit of farmers.

Hon'ble Governor, Jharkhand, Shri Ramesh Bais (centre) and Dignitaries releasing the Souvenir during Inauguration of 45th VCs Convention

6. The agriculture sector has to keep pace with the changing time keeping in view the requirement of market and end users. Hence, future priority areas of Agricultural Universities should include vertical farming, multilayer farming, protected cultivation, crop diversification, post-harvest technology, value chain management, use of artificial intelligence, promotion of easy to cook and ready to eat food.
7. Serious efforts are needed by the AUs to make farming an attractive and profitable venture for attracting and retaining the rural youths in agriculture.
8. The undergraduate degree programme needs to be restructured with multiple exit and entry options with appropriate certifications like a certificate after completing one year and a diploma after completing two years.
9. Enhancement of Gross Enrolment Ratio (GER) in the university with increase of 10% seats each year so that in-between exit of students with certificate/diploma do not affect the numbers of degree pass-out students. Residential requirement in agricultural universities and deemed Universities to be relaxed.
10. To enhance competitiveness, transparency and bring uniformity in time line and have Pan Indian status, common entrance test through National Testing Agency (NTA) may be conducted by ICAR for admission of the students in UG/PG degree programmes in the agricultural universities.
11. The optional courses (online/offline) like Religion and Culture, Indian History, Foreign Languages, Agricultural Journalism, Corporate Communication, Environmental Conservation, Yoga, Physical Education, Dance, Music, Agricultural Law, Mass Communication, Soft Skills Development, Rural Development, etc. may be started in phased manner meeting the timeline of NEP-2020.
12. In view of the global developments and future needs of the agriculture sector, the Agricultural Universities have to go for internationalization of higher agricultural education for which the AUs need to emphasize and put concerted efforts for faculty diversity, creation of different colleges /centres offering degrees from UG to Ph.D., initiation of self-finance schemes, international student fellowship, creation of international centres, sandwich/dual degree programme, initiation of postdoctoral fellowships (for both Indians and foreign students) and teaching assistantship, engaging experts from industry as adjunct faculty.
13. Agricultural Universities must have very good liaisoning with the respective state governments to get required financial support, autonomy, transparency and meritocracy.
14. There is need of region wise Pilot scale trials on farm management, development of crop modules with genotypes for intercropping with special emphasis on plant protection measures for promoting conservation agriculture on larger scale.
15. Today, many private sector companies have established state of the art facilities and also have expertise in certain areas of agricultural research. Agricultural Universities should prefer to get services of such companies/experts through outsourcing in identified sectors instead of having their own establishments, to enhance the optimum utilization of National resources.
16. There is need to promote web based mobile application for quick transmission of advisories and use of IoT in smart automated green house, artificial intelligence and robotics and drones for enhancing automation in farm activities at affordable price for the benefit of farming community.
17. For hilly states/UT like J&K, there is need to develop intelligent production system that will save water and energy for irrigation and fertilizers through introduction of low volume, high income crops, encouragement of mixed farming system, livestock production systems resilient to climatic changes.
18. The Agricultural Universities should work towards changing mindset with key Mantras like, think commercial rather than sustenance farming, think agribusiness rather than agriculture, global

vision & local action and vocal for local, etc. and accordingly need to take necessary steps keeping in view the future market demand of the sector.

19. Emphasis should be given on development of Incubation Centres in all Universities for entrepreneurship development, and technical and business coaching start-ups at early stage.
20. AUs must promote diversification through horticulture in suitable areas to improve and sustain the agricultural productivity and production.
21. Apart from quantity production, quality production too, should be encouraged for food and nutritional security. Biofortification would be one of the effective and sustainable options to enhance the quality of food crops by increasing the micronutrient contents for nutritional security along with food security.
22. Incubation centre should be financially supported by Central/State government so that financial help could be provided to the trainees to attract the eligible youths towards entrepreneurship. Institutions should also be given some degree of autonomy for inclusion of entrepreneurship programmes.
23. AUs to take up appropriate steps for curriculum revisions to include courses on entrepreneurship in different areas as per market demand.
24. Organic farming could be a viable option for entrepreneurship development. Organic farming may not give higher or at par yields as compared to inorganic farming but it can give optimum yield with higher market value and higher returns. One hectare model of organic farming system should be included in ELP.

INTERNATIONAL LINKAGES & COLLABORATIONS

To promote international cooperation, the IAUA has following MOUs/MOAs with foreign institutions/organizations.

- **Agreement on Co-operation** between **National University of Life and Environmental Sciences of Ukraine** and **Indian Agricultural Universities Association**

To activate their bilateral activity in the following directions:

- the development and participation in common innovation projects;
- the exchange of students, masters and post-graduates;
- the exchange of the teaching staff;
- the exchange of educational and scientific materials;
- the bilateral participation in conferences, workshops, seminars at the universities- partners.

- **Agreement on Academic Cooperation and Exchange** between **Indian Agricultural Universities Association** and **National Chung Hsing University, Taiwan**

To encourage and promote the following academic activities:

- Exchange of faculty and staff members;
- Exchange of students;
- Exchange of publications and relevant academic and scholarly information;
- Joint research, lectures and symposia;
- Other activities such as deemed appropriate by mutual consent.

- **Memorandum of Understanding** between **Indian Agricultural Universities Association** and **National Pingtung University of Science and Technology, Taiwan**

For the purpose of furthering cooperation in both education and academic research. Academic exchange is considered here to include but not be limited to:

- Development of mutually beneficial academic and training program;
- Exchange of faculty and staff for purpose of teaching, research and extension;
- Reciprocal assistance for visiting academic faculty, staff and students;
- Coordination of such activities as joint research and transfer of technology;
- Exchange of documentation and research materials in fields of mutual interests.

Besides, the IAUA is also an annual member of Asian Pacific Association of Agricultural Research Institute (APAARI), Bangkok.

IAUA MEMBER UNIVERSITIES

State Agricultural Universities: 39

1. Acharya Narendra Deva University of Agriculture & Technology, Kumarganj, Ayodhya- 224229 (Uttar Pradesh)
2. Acharya N.G. Ranga Agricultural University, LAM, Guntur-522034 (Andhra Pradesh)
3. Agricultural University, Kota- 324001 (Rajasthan)
4. Anand Agricultural University, Anand- 388110 (Gujarat)
5. Assam Agricultural University, Jorhat-785013 (Assam)
6. Banda University of Agriculture & Technology, Banda- 210001 (Uttar Pradesh)
7. Bidhan Chandra Krishi Viswavidyalaya, Mohanpur - 741252 (West Bengal)
8. Bihar Agricultural University, Sabour-813210 (Bihar)
9. Birsa Agricultural University, Ranchi-834006 (Jharkhand)
10. Ch. Charan Singh Haryana Agricultural University, Hisar- 125004 (Haryana)
11. Ch. Sarwan Kumar H.P. Krishi Vishwavidyalaya, Palampur- 176062 (Himachal Pradesh)
12. Chandra Shekhar Azad University of Agriculture & Technology, Kanpur-208002 (Uttar Pradesh)
13. Dr Balasaheb Sawant Konkan Krishi Vidyapeeth, Dapoli- 415712 (Maharashtra)
14. Dr Panjabrao Deshmukh Krishi Vidyapeeth, Akola-444104 (Maharashtra)
15. Govind Ballabh Pant University of Agriculture & Technology, Pantnagar-263145 (Uttarakhand)
16. Indira Gandhi Krishi Vishwavidyalaya, Raipur- 492012 (Chhattisgarh)
17. Jawaharlal Nehru Krishi Vishwa Vidyalaya, Jabalpur- 482004 (Madhya Pradesh)
18. Junagadh Agricultural University, Junagadh-362001 (Gujarat)
19. Kerala Agricultural University, Thrissur-680656 (Kerala)
20. Maharana Pratap University of Agriculture & Technology, Udaipur- 313001 (Rajasthan)
21. Mahatma Phule Krishi Vidyapeeth, Rahuri- 413722 (Maharashtra)
22. Navsari Agricultural University, Navsari- 396450 (Gujarat)
23. Odisha University of Agriculture & Technology, Bhubaneswar- 751003 (Odisha)
24. Prof. Jayashankar Telangana State Agricultural University, Hyderabad-500030 (Telangana)
25. Punjab Agricultural University, Ludhiana- 141004 (Punjab)
26. Rajmata Vijayaraje Scindia Krishi Vishwavidyalaya, Gwalior- 474002 (Madhya Pradesh)
27. Sam Higginbottom University of Agriculture, Technology & Sciences, Prayagraj-211007 (Uttar Pradesh)
28. Sardarkrushinagar Dantiwada Agricultural University, Sardarkrushinagar- 385506 (Gujarat)
29. Sardar Vallabhbhai Patel University of Agriculture & Technology, Meerut- 250110 (Uttar Pradesh)
30. Sher-e-Kashmir University of Agricultural Sciences & Technology, Jammu – 180009 (Jammu & Kashmir)

31. Sher-e-Kashmir University of Agricultural Sciences & Technology of Kashmir Srinagar- 190025 (Jammu & Kashmir)
32. Sri Karan Narendra Agricultural University, Jobner, Jaipur- 303329 (Rajasthan)
33. Swami Keshwanand Rajasthan Agricultural University, Bikaner- 334006 (Rajasthan)
34. Tamil Nadu Agricultural University, Coimbatore- 641003 (Tamil Nadu)
35. University of Agricultural Sciences, Bangalore- 560065 (Karnataka)
36. University of Agricultural Sciences, Dharwad- 580005 (Karnataka)
37. University of Agricultural Sciences, Raichur- 584104 (Karnataka)
38. Uttar Banga Krishi Vishwavidyalaya, Cooch Behar- 736165 (West Bengal)

58. Rajasthan University of Veterinary and Animal Science, Bikaner- 334001 (Rajasthan)
59. Sri Venkateswara Veterinary University, Tirupati – 517502 (Andhra Pradesh)
60. Tamil Nadu Dr. J. Jayalalithaa Fisheries University, Nagapattinam- 611002 (Tamil Nadu)

61. Tamil Nadu Veterinary & Animal Sciences University, Chennai- 600051 (Tamil Nadu)
62. West Bengal University of Animal & Fishery Sciences, Kolkata- 700037 (West Bengal)

Central Agricultural Universities: 4

63. Banaras Hindu University, Varanasi- 221005 (Uttar Pradesh)
64. Central Agricultural University, Imphal- 795004 (Manipur)
65. Dr. Rajendra Prasad Central Agricultural University, Pusa – 848125 (Bihar)
66. Rani Lakshmi Bai Central Agricultural University, Jhansi- 284003 (Uttar Pradesh)

Deemed Universities: 4

67. ICAR-Central Institute of Fisheries Education, Mumbai- 400061 (Maharashtra)
68. ICAR-Indian Agricultural Research Institute, New Delhi- 110012
69. ICAR-Indian Veterinary Research Institute, Izatnagar- 243122 (Uttar Pradesh)
70. ICAR-National Dairy Research Institute, Karnal- 132001 (Haryana)

AWARDS AND RECOGNITIONS

ICAR Awards

Archarya Narendra Deva University of Agriculture and Technology (ANDUAT), Kumarganj, Ayodhya, Uttar Pradesh

Rafi Ahmed Kidwai Award for Outstanding Research in Agricultural Sciences

Dr Bijendra Singh, Vice Chancellor, ANDUAT, Kumarganj, Ayodhya, has been awarded Rafi Ahmed Kidwai Award for Outstanding Research in Agricultural Sciences 2020 in the category of Crop & Horticultural Sciences. Dr Singh has been instrumental in developing 54 vegetable varieties/hybrids, released and notified through CVRC (26) and SVRC (28). He has also registered eight unique genetic stocks with NBPGR, New Delhi. He has published more than 200 research papers in national & international journals, 11 books, 43 technical bulletins, 23 manuals and 39 book chapters.

Dr Bijendra Singh

Acharya N.G. Ranga Agricultural University (ANGRAU), Guntur, Andhra Pradesh

Fakhruddin Ali Ahmed Award for Outstanding Research in Tribal Farming Systems

Dr Thanuku Samuel SK Patro (Team Leader), Principal Scientist and Head, Plant Pathology, together with his team which includes Mrs Yasarapu S Rani, Scientist, Soil Science; Mrs Ungata Triveni, Scientist, Agronomy; Dr Mantri MVS Rao, Sr. Scientist, Agronomy; Dr Narasupalli Anuradha, Sr. Scientist, Plant Breeding from, ARS, Vizianagaram, ANGRAU, Andhra Pradesh has been awarded Fakhruddin Ali Ahmed Award for Outstanding Research in Tribal Farming Systems 2020.

Dr Thanuku Samuel SK Patro

- ANGRAU received ICAR award for Second Highest Number of PG Scholarships in India during 2020 during Vice Chancellors Conference conducted by ICAR at New Delhi on 28 September 2021.

Dr. Rajendra Prasad Central Agricultural University (Dr. RPCAU), Pusa, Samastipur, Bihar

Pandit Deendayal Upadhyay Krishi Vigyan Protshahan Puraskar

Krishi Vigyan Kendra (KVK), Piprakothi, East Champaran, DRPCA, Bihar has been awarded Pandit Deendayal Upadhyay Krishi Vigyan Protshahan Puraskar-2020. KVK, Piprakothi, East Champaran established in 2006 at Piprakothi block has been engaged in devising sustainable programme for the farming community through dissemination of technologies and application of its mandates.

KVK, Piprakothi

ICAR-Indian Agricultural Research Institute (ICAR-IARI) (Deemed University), New Delhi

Sardar Patel Outstanding ICAR Institution Award

ICAR-Indian Agricultural Research Institute (ICAR-IARI), New Delhi has been awarded Sardar Patel Outstanding ICAR Institution Award 2020 under university category. ICAR-IARI, New Delhi has made outstanding contributions in agricultural research, education and extension by addressing the emerging challenges of Indian agriculture.

ICAR-IARI, New Delhi

Indira Gandhi Krishi Vishwavidyalaya (IGKV), Raipur, Chhattisgarh

Pandit Deendayal Upadhyay Krishi Vigyan Protshahan Puraskar

Krishi Vigyan Kendra (KVK), Korea, under Indira Gandhi Krishi Vishwavidyalaya, Raipur, has been awarded Pandit Deendayal Upadhyay Krishi Vigyan Protshahan Puraskar-2020. KVK, Korea has mainly focused its activities in tribal villages situated in different blocks of Korea district of Raipur with traditional rainfed rice production system.

KVK, Korea
